Attachments: Agenda for Meeting with Hawaii SWP Coordinator.docx

Hi Joanna,

My plan was to go over the attached questionire (which will also serve as an agenda) with you all. From past meetings with other state SWP cordinators, 30 minutes will not be adequate to touch on each bullet except they are pre-filled before we meet. Will it be possible to have the questionnaire filled out before Anna's PWSS review meeting on 4/15?

Edmund

Hi Nnana - Thanks for thinking about tagging onto Anna's meeting. Is 30 minutes enough? If you think it'll be longer, could we try for 4/16/2021 1 pm – 2 pm PDT = 10 – 11 am HST?

Hi Jammie, Mike, and Norris – Are you available on 4/15 3-3:30 pm PDT = 12-12:30 pm HST and, just in case, 4/16 1-2 pm PDT = 10-11 am HST?

Mahalo!
Joanna

Thanks for the swift response Joanna,

I agree with Ephraim, It will be easier to schedule the SWP/groundwater review immediately after Anna's PWSS review.
How does Th, 4/15, 3-3:30 PDT sound?

Yes it will include discussions on your GWPP.

Mahalo!

Aloha Nnana! What dates/times are you proposing for the SWPP discussion? Will it include the GWPP too? I previously saved Thursday, 4/22/2021 8:30-12 noon in case we were going to have the PWSS pre-midyear mtg then and never removed it. Maybe this date/time works for you?

Hi Jammie, Norris, Bob and Mike – For your info and save the date/time too.

Mahalo!

Subject: [EXTERNAL] New SWP Coordinator for EPA Region 9

Hi Jammie,

My name is Nnana Edmund and I serve as the incoming Source Water Protection Coordinator for EPA Region 9, replacing Ephraim Guerrero. I am reaching out to individual state coordinators to properly introduce myself.

I spoke to Robert Whittier early this month and he provided me a brief summary of your program's current efforts; working with Solid and Hazardous Waste Branch on evaluating and mitigating the risk to drinking water posed by the Navy's massive Red Hill Fuel Storage Facility and evaluating the human and environmental risk posed by residential disposal of wastewater while collaborating with the University of Hawaii and Clean Water Branch on a Statewide evaluation of nearshore sewage pollution. These are very important projects that I would love to follow up with, while I learn more about your program.

I'd love to set up a meeting before the mid-year meeting to go over the current status of your SWP program/ongoing projects in Hawaii

Looking forward to working with you.

Regards,

Nnana Edmund
